| AISI 430L                    | 3 - 8,88 mm             |

Teknik Metal A.S. is **one of the leading stainless steel stockists and service centers** in Eastern Europe and Western Asia. Founded in 1961, the company is in the business for more than half a century.

Teknik Metal A.S. has regular stocks in big volumes and a wide range of grades, both in stainless steel long materials and in flat materials. All of the materials are prime with 3.1 MTC, ready for immediate shipment.

Teknik Metal A.S. is located **in the middle of... Everywhere.** Having its headquarters in the south of Turkey, the company is spread all over Turkey with 8 warehouses, 1 cold drawing line and 1 service center. We can arrange immediate shipments from Mersin and Istanbul ports. Our location provides our customers with **a great advantage in delivery periods.**

Teknik Metal A.S. offers value added solutions according to the customer's demand. Our stainless steel cold drawing line for bars and wires, allows us to produce **any requested diameter** from raw materials, including the fractional sizes.

Teknik Metal A.S. has a stainless steel service center on a 52.000 m<sup>2</sup> area in Adana Industrial Zone. The service center offers **3 cutting lines, 3 slitting lines and 1 grinding line.** The facility allows us to customize the width, the length and the surface of the materials according to the customer's requests.

Teknik Metal A.S. already exports to many countries including Russia, Serbia, Egypt, UAE, Ukraine, Jordan, Indonesia, Iraq, Azerbaijan, Portugal, Romania, Bulgaria and many more...

Please do not hesitate to contact us if you have any stainless steel requirements. We'll be glad to serve you with **generations of experience.**
